

# Skittles

## Prayer for Back to School

**Red** - Pray specifically for the school closest to your home. Pray for the safety and health of all students at that school. Pray for any students you know of by name. Pray for those who may struggle to find friends, or have moved to a new school. Pray for Christian students to share the love of Jesus with other students who do not yet know Jesus.

**Purple** - Pray for strength and health for all of the teachers preparing to teach these students. Pray for no disruptions in their classrooms. Pray for all of the parents who are homeschooling their children. Pray for Christian teachers to share the love of Jesus with their students and fellow teachers.

**Green** - Pray for the parents who are sending their kids to school this year. Pray that they would make time each day to talk to their kids about what went on at school. Pray for Christian parents to model Christ at home to their kids. Pray for any parents of school age children you know by name.

**Yellow** - Pray for safe travels to and from school this year for all bus drivers, parents, and student drivers. Pray for safety and protection for all schools in your area for this entire school year.

**Orange** - Pray for all of our Sunday school teachers who are about to have new students in their class this fall. Pray that they would share God's love effectively with their students. Pray that many children would give their hearts to Jesus this year.

**Eat these Skittles as you pray for everyone heading back to school.**
